

Legacy Bank of Florida introduces **Legacy Mobile Banking** via three delivery methods; text message, mobile browser and downloadable application in a single solution ensuring easy enrollment through a personal online banking account.

Legacy Mobile Banking enables you to check account balances, pay bills, transfer funds, view recent transactions, receive alerts and even locate the nearest ATM or branch for more personalized service wherever and whenever you wish.

This product offers multiple layers of authentication, a personal password and phone activation code for your protection.
